DERIVED FROM: Potassium phosphate, ammonium phosphate, urea, Manganese edta, Copper Ids, Iron Ids, Zinc edta, Boric acid and urea Phosphite.

WARNING: Some crops may be injured by the application of boron. Contact your county agent or field representative before making application.

CAUTION: KEEP OUT OF REACH OF CHILDREN

Harmful if swallowed. Avoid breathing spray mist. May cause irritation of nose, throat, or skin. Avoid contact with eyes, skin, and clothing.

DO NOT apply PrudentReady- MB when plants are under severe stress.

GENERAL INFORMATION:

PrudentReady - ICMB is a concentrated fertilizer nutrient solution designed for foliar application and must be diluted in water before use. Application of the components found in PrudentReady - ICBM have shown to benefit plant growth, root development, budding and flowering, fruit set, crop quality, yield and cell wall strength. PrudentReady - ICBM is recommended as a supplement to a well balanced fertilizer program.

This product is manufactured and distributed by:
LidoChem, Inc. • 20 Village Court, Hazlet, NJ 07730 • 732-888-8000

GENERAL RECOMMENDATIONS:

- The recommended dilution ratio is 1 gallon of PrudentReady- ICBM in 9 gallons of water for a finished spray volume of 10 gallons per acre.
- Spray early in the day, preferably before temperatures rise above 80°F.
- The presence of dew on the leaf at application time can enhance the uptake of PrudentReady - ICBM by the plant.
- It is highly recommended that one pound of table sugar be added per acre to the spray tank when applying PrudentReady- ICBM.
- The greatest efficiency in using this product will be achieved when the foliar application is made during key growth stages.

Alfalfa: Apply PrudentReady - ICBM in the early vegetative growth stage when plants are between 3 to 5 inches tall.

soybeans: Apply PrudentReady - ICBM at the V3 and/or R1 stages.

COMPATIBILITY:

PrudentReady - MB is compatible with most common foliar pesticides and nutrients; however, USER ASSUMES FULL RESPONSIBILITY to ensure compatibility when tank mixing with other products. It is not recommended to use this product with other surfactants or adjuvants.

CONDITIONS OF SALE

Seller warrants this product consists of the ingredients specified and is reasonably fit for the purpose stated on this label when used in accordance with directions under normal conditions and use. No one other than an officer of the seller is authorized to make any warranty, guarantee, or direction concerning this product. Because time, place, rate of application and other conditions of use are beyond the sellers control, the sellers liability from handling, storage, and use of this product is limited to replacement of the product or a refund of the purchase price.
