

## FUNGICIDE, TANK BUFFER & PLANT NUTRIENT

### AGRICULTURAL USE

#### The Product

Nutrol™ works for you three ways. It's a non-toxic and powerful bio-pesticide for the control of powdery mildew and other plant diseases, a highly-concentrated, yet very gentle, water soluble fertilizer, and a tank buffer and water conditioner to prevent alkaline hydrolysis.

#### Guaranteed Analysis

Available Phosphate (P <sub>2</sub> O <sub>5</sub> ) . . . . .	50%
Soluble Potash (K <sub>2</sub> O) . . . . .	30%

*Derived from: Monopotassium phosphate.*

#### Nutrol—The Fungicide

- Nutrol is safe for the applicator and the environment.
- Nutrol can be used to control and eradicate powdery mildew on grapes, cucurbits, apples, stone fruits, roses, peppers, tomatoes, and mangoes ... right up until harvest.
- Nutrol is labeled for the control of several soil-borne and foliar diseases when applied with any of the Prudent™ family of fertilizers.
- Nutrol is the ideal “partner” product for alternation and tank mixing with other EPA registered pesticides.
- Nutrol has been shown to extend the useful life and improve the efficacy of other pesticide as well as prevent the formation of resistant powdery mildew strains.

#### Nutrol—The Plant Nutrient

- Nutrol contains over 50% P<sub>2</sub>O<sub>5</sub> and 30% K<sub>2</sub>O, making it one of the most concentrated water soluble fertilizers available.
- Nutrol is also very gentle—it has the lowest salt index of any fertilizer—and will not cause phytotoxicity, even at high concentrations.
- Since Nutrol is nitrogen-free, you can manage your N requirements independently.
- Use Nutrol for foliar, soil and drip irrigation applications.

#### Nutrol—The Tank Buffer

- Nutrol is an excellent tank buffer and will buffer solutions to the pH recommended by most pesticide producers.
- Nutrol eliminates alkaline hydrolysis, which can seriously impact the performance of commonly used pesticides.
- One-percent solutions of Nutrol in your pesticide tank will ensure optimal performance of each component.
