

**0-0-1**

**Liquid Humic Acid**

**GUARANTEED ANALYSIS**

Soluble Potash (K<sub>2</sub>O) ..... 1.0%  
Derived from potassium hydroxide

**ALSO CONTAINS NON-PLANT FOOD INGREDIENTS:**

6% Humic Acids derived from leonardite

**GENERAL INFORMATION:**

Products like **HumaGrow T&O** that contain humic acids may increase the uptake of micronutrients.

**HumaGrow T&O** is suitable for both soil and foliar applications and can be applied all season long.

Individual applications of **HumaGrow T&O** should not exceed 2.5 gallons per acre per application.

**CAUTION: KEEP OUT OF REACH OF CHILDREN**

Harmful if swallowed. Avoid breathing spray mist. May cause irritation of nose, throat, or skin. Avoid contact with eyes, skin, and clothing.

**COMPATIBILITY**

**HumaGrow T&O** is compatible with most common foliar pesticides, liquid nutrients and micronutrients; however, USER ASSUMES FULL RESPONSIBILITY to ensure compatibility when tank mixing with other products.

Do not mix with pesticides or other chemicals without a compatibility test. An adequate test for compatibility involves mixing in a small container the proper proportions of the product with water and the other ingredients. If unfamiliar with **HumaGrow T&O's** use, check with a LidoChem, Inc. representative.

This product is manufactured and distributed by:  
LidoChem, Inc. 20 Village Court, Hazlet, NJ 07730

**GENERAL RECOMMENDATIONS:**

**SHAKE WELL BEFORE USE**

**HumaGrow T&O** can be applied to trees, ornamentals, garden landscaping, lawns and fine turf.

**WARM SEASON GRASSES:** Apply 3 to 8 ounces per 1,000 sq. ft. once a month throughout the growing season. Applications are most beneficial during over-seeding and prior to or during stress periods.

**COOL SEASON GRASSES:** Apply 3 to 6 ounces per 1,000 sq. ft. once a month throughout the season. Applications are most beneficial when made prior to or during stress periods.

**ORNAMENTALS:** Apply 4 to 6 ounces per 1,000 sq. ft. 1 to 3 times during the season. Applications can be made as a broadcast spray or injected into the irrigation. Applications should be targeted at the soil; however, foliar contact is not detrimental.

Mix with deep root injections at a rate of 4 quarts per 10 gallons of injection solution.

**CONDITIONS OF SALE**

Seller warrants this product consists of the ingredients specified and is reasonably fit for the purpose stated on this label when used in accordance with directions under normal conditions and use. No one other than an officer of the seller is authorized to make any warranty, guarantee, or direction concerning this product. Because time, place, rate of application and other conditions of use are beyond the sellers control, the sellers liability from handling, storage, and use of this product is limited to replacement of the product or a refund of the purchase price.
