OPTIMAL CONDITIONS FOR NUTRISMART™ TO PERFORM

1. Recommended Dosage

- **Vegetables** 500-800 lbs/ac as basal/starter, once per growing season.
- **Tube Crops** 500-800lbs/ac as basal/starter, once per growing season.
- **Field Crops** 300-600 lbs/ac as basal/starter, once per growing season.
- **Fruit Trees** 1-10 years old 70-200 lbs/ac, once in spring.
>10 years old 360-800 lbs/ac, once in spring.
- **Turf** 8-12 lbs/1,000 sq.ft., every 6 months.

2. Apply with Basal Supplement Fertilizer

For Vegetables and Field Crops

- Together with NutriSmart™, use 25-50% of normal basal fertilizer as starter.
- The range of N, P, K per acre should be 25-45 lbs, 10-30 lbs and 10-30 lbs respectively.
- Do not apply more than 70 lbs of N per acre.

For Turf

- Together with NutriSmart™, use one dose of conventional fertilizer normally used per application.
- Sidedress with another dose after 3 months.

3. Application Method

- NutriSmart™ must be incorporated under soil at depth of 2-5 inches (within 24 hours if broadcasted).
- Immediate irrigation within 24 hours preferred after application.
- Apply within 10 days of seeding or planting.
- No pesticide application within 10 days of application.

4. Field Conditions

- Soil pH 5.5 to 8.5
- Air Temperature 64 - 97°F
- Field Capacity 70%

As this is a product of advanced biotechnology, always seek appropriate agronomic advice before applying the product. Because climatic and soil conditions, application methods, irrigation and agricultural practice are beyond the control of the manufacturer, distributor or retailer and cannot be foreseen, neither the manufacturer or retailer accepts any responsibility whatsoever for any commercial damage, loss or other result following the use of this product subject to any overriding statutory provision and provided that such liability under those provisions shall be limited to the replacement of the goods as supplied or the rendering again of the services that are provided. The buyer or user accepts and uses this product subject to these conditions.
