

## PATENTED PREMIUM LIQUID SPECIALTY FERTILIZERS

### TURF AND ORNAMENTAL USE

#### **Vibrant Green**

#### **Green Up Formula 18-3-4**

A patented liquid fertilizer that contains a unique combination of amino acids, micro-nutrients, plant extracts and a surfactant. **Gives a significant color response with a limited growth response.** Contains low salt index monopotassium phosphate as a source of readily available P and K. Contains Krystal Klear™ micronutrients.

#### **Vibrant Blue**

#### **Growth Formula 15-3-5**

A patented liquid fertilizer that contains a unique combination of amino acids, plant extracts, micronutrients and a surfactant. **Designed to maximize recovery from stress as well as expedite the establishment of grass and other plants.** Contains low salt index Monopotassium phosphate as a source of readily available P and K. Contains Krystal Klear™ micronutrients.

#### **Vibrant Gold**

#### **Balanced Formula 10-4-10**

A patented liquid fertilizer with a balanced NPK analysis that contains a unique blend of amino acids, plant extracts, micronutrients and a surfactant. **Used to provide a balanced NPK while still providing a good color response.** Great when used in conjunction with other Prudent and Vibrant products. Contains low salt index Monopotassium phosphate as a source of readily available P and K. Contains Krystal Klear™ micro-nutrients.

#### **Vibrant Red**

#### **Stress Recovery Formula 3-6-12**

A patented liquid fertilizer that contains a unique combination of amino acids, plant extracts, micronutrients and a surfactant. **Formulated to help relieve heat and drought stress during the tough summer months.** Contains low salt index Monopotassium phosphate as a source of readily available P and K. Contains Krystal Klear™ micro-nutrients.
