Sweep or vacuum up and place in an appropriate closed container. DO NOT RETURN MATERIAL TO ITS ORIGINAL CONTAINER. Clean up residual material by washing area with water and detergent. Prevent material from entering public sewer system or any waterways.

## FIRST AID

### INGESTION:

If product is ingested, irritation and nausea may occur. Give several glasses of water. **Never give anything to eat or drink to someone who is unconscious, having convulsions, or unable to swallow.** If vomiting occurs, keep head below hips to reduce risk of aspiration. Give fluids

### EYE IRRITATION:

Flush eyes with large quantities of running water for a minimum of 15 minutes. If present and easy to do, remove contact lenses. Hold eyelids apart during the flushing to ensure rinsing of entire surface of the eye and lids with water. DO NOT let victim rub eye(s). Do not attempt to neutralize with chemical agents. Oils/ointments should not be used at this time. Get medical attention if eye irritation occurs.

### SKIN IRRITATION:

Product may irritate the skin. In case of contact, immediately wash with plenty of soap and water for at least 5 minutes. Seek medical attention if irritation develops or persists. Remove contaminated clothing and shoes. Clean contaminated clothing and shoes before reuse. Skin contact may aggravate existing skin disease.

### INHALATION:

Remove victim from immediate source of exposure and assure that the victim is breathing. If breathing is difficult, administer oxygen, if available. If victim is not breathing, administer CPR (cardiopulmonary resuscitation). Seek medical attention. Inhalation of product may aggravate existing chronic respiratory problems such as asthma, emphysema or bronchitis. **NOTE: See Section XVI - Other Information**
