If skin irritation occurs: Get medical advice/attention.

Handling and Storage

- Always keep granules dry and intact before application.
- Always wear protective gloves.
- Store bags and product in cool and shady areas away from humidity, high temperatures, fungicides, and strong magnetic and electrical fields.

Warranty and Disclaimer

1. Seller warrants that this product consists of the ingredients specified and is reasonably fit for the purpose stated on this label when used in accordance with directions under normal conditions of use. No one, other than the officer of Seller, is authorized to make any warranty, guarantee or direction concerning this product.

2. To the extent permitted by applicable law, the seller's liability for handling, storage and use of this product contrary to label instructions shall be limited to replacement of product or refund of purchaser price.

This product is manufactured and guaranteed under license by
Biocycle Resources Limited

A wholly owned subsidiary of CK Life Sciences Products Limited
2 Dai Fu Street, Tai Po Industrial Estate,
New Territories, Hong Kong

50 pounds (22 kg.) 2,000 pounds (907 kg.)

Blending Instructions:

- Replace 10-50% of a standard chemical fertilizer with NutriSmart-SB on a pound for pound basis. Apply the blended product at the same rate that the chemical fertilizer would have been applied alone.

Agricultural Soil Applications:

For use on all crops (including but not limited to field crops, vegetable crops, row crops, tree crops, etc.).

- **Enhance Nutrient Use Efficiency:** Add 50-100 pounds per acre every 5 months to supplement normal fertility programs and improve C:N ratios.
- **Nutrient Replacement:** Reduce fertilizer rates by 10-50% and replace with an equal volume of NutriSmart-SB. Apply on the same schedule as the existing fertility program.

Turf and Ornamental Soil Applications:

For use on long cut grasses such as lawns and fairways (NOT for use on tees and greens):

- **Enhance Nutrient Use Efficiency:** Add 50-100 pounds per acre every 4-5 months to supplement normal fertility programs and improve C:N ratios.
- **Nutrient Replacement:** Reduce fertilizer rates by 10-50% and replace with an equal volume of NutriSmart SB. Apply on the same schedule as the existing fertility program.
- **Aerification Amendment:** Aerify surface to be treated. (NOT for use on tees and greens):
 - o Broadcast 5 to 10 pounds NutriSmart- SB per 1,000 ft².

Application Recommendations

- Irrigate within 24 hours of the application.
- For best results, broadcast NutriSmart SB and, if possible, incorporate into the soil at a depth of 2-5 inches (within 24 hours if broadcasted).
- Apply within 10 days of seeding or planting.
- Do NOT apply pesticides within 3 days before or after NutriSmart SB is applied.

NOT FOR USE ON ORGANIC CROPS. Only use OMRI listed NutriSmart-B on organic crops.

Conditions of Sale

Seller warrants this product consists of the ingredients specified and is reasonably fit for the purpose stated on this label when used in accordance with directions under normal conditions and use. No one other than an officer of the seller is authorized to make any warranty, guarantee, or direction concerning this product. Because time, place, rate of application and other conditions of use are beyond the seller's control, the seller's liability from handling, storage, and use of this product is limited to replacement of the product or a refund of the purchase price.
